

Applicant Name: _____

I have completed all sections of the application and agree to complete all of the program requirements as indicated in the NNCI RET program details, including 6 weeks of research during the summer and one week of classroom follow-up including presenting my unit at the NSTA national conference.

Name: (print) _____

Signature: _____ Date: _____

Principal or Department Head

I have reviewed the NNCI RET program details. I understand that there will be follow-up activities that will include faculty and/or staff from the NNCI site visiting my school or department. _____ appreciates the mission of the NNCI RET program to provide research experiences and opportunities. We believe these opportunities help to better serve students in the areas of science, technology, engineering, and math. We fully support the future involvement of _____ to further develop that mission in their classroom and curriculum development.

In addition, I understand and support the applicant's participation in the annual National Science Teachers Association conference end March/early April 2023. The dates and location have not been determined yet by NSTA, but I understand that the participant will miss approximately 1-2 days of class time to present during the conference.

Name (print) _____

Signature: _____

Date: _____

Please fill out this form. Then upload to this application. If you have problems then email with "RET Application" in the subject line to: leslie.oneill@ien.gatech.edu.
